Chapter 1 by Shae

The little boy was no where to be found. He had been under Water for a while now. Jake jumps in and and starts yelling for Ace. " Jake come back to the canoe, I called the police and they sent over the water squad to help." Jake came back and the police arrived. They had a K-9 that was a Great Dane search dog that was brown with black spots. Two officers approached our canoe with a rope. The first one tied the end of the rope to his boat. The other one jumped onto our canoe and tied the rope to the end of ours. They pulled us back to shore. We got out and the Chief gave Jake a towel to dry off with. The Chief came over and said," I'm Chief Talywat, and I need to know what has happened and I need you to tell me everything word for word from the start to end."

"It all started when jake came up with an idea to go canoeing. So we had to go to the "All Out Doors Market" because, we had nothing for canoeing safely. I went to the canoe safety section, and Jake and Ace went to the safety survival -what and what not to do section. I started grabbing free pamphlets, when I got done I had like twenty different pamphlets; so I grabbed a cart. I go look for the boys and they grabbed a safety guide and some other safety stuff. They threw the stuff in the cart. We got home and Jake and I were reading the safety pamphlets and he came across one about Lake Kikiwaka there was a torn page in the pamphlet. Jake turned to me and said,"A page is torn, what do you want to do with it?"

I told him to just put it to the side.

We got done looking through pamphlets and chose the two lakes we liked the most. Either lake Kikiwaka or lake Taderm. We took a vote and Ace and I wanted to go to lake Kikiwaka, while Jake

wanted to go to lake Taderm. We agreed on the most votes wins and so we decided lake Kikiwaka. We packed for the lake. The pamphlet said it was only ten minutes from Newton. We got in the canoe and started paddling. When we got done I helped Ace get his safety vest on. He got in the canoe and waited for me to get done and in. He pushed Aces canoe out. Ace started to paddle and jake and I got in front so

he can follow us. We start to go and all of a sudden we here a splash come from be hind. I look back and ace is gone and his canoe is flipped over. So we start to look and jack jumps out yelling for Ace. He swims under water feeling everywhere. I start yelling and jack comes up gasping for air and I yell at him to come back. I yelled for him to come back because I had called you guys. He gets into the canoe and we peddled back to wait for you. The operator told us she was sending the water squad you guys. She also said it would be a few minutes. So we waited and you guys came.

" thank you....."

"Celia," I replied. They looked for a few days and told us they couldn't find him. A couple weeks later in therapy a Chief Talywat came in with a boy behind him. I couldn't quite tell who it was but when he stepped in front I couldn't believe my eyes. It was ace. The Chief told me they looked a little bit more and found him in a little house made of grass. We took ace home and took extra care of him so we wouldn't end up in another life threatening situation.
